**April 20, 2017**

Share with the world why STEM (science, technology, engineering, and math) is an important part of your life!

**Think:** innovations • issues • individuals  
inspiring careers • incredible income potential

Then create a video of five minutes or less to win cool prizes, including a chance to see your film live at Carnegie Science Center!

Visit [CarnegieScienceCenter.org/i5](http://CarnegieScienceCenter.org/i5) to learn more, including how to submit entries online, prize categories, and judging criteria.
